

Neo Dorcas Supeng

Administrative & Data Support Professional

neosupeng@gmail.com | 061 261 8427 | South Africa

PROFILE

Motivated young professional with strong Microsoft Office and data-handling skills. I structure information clearly, build simple tools that save time, and present findings so anyone can understand them. Currently growing my skills in artificial intelligence and data reporting.

TECHNICAL SKILLS

- Microsoft Word — reports, formatting, professional documents
- Microsoft Excel — formulas, pivot tables, charts, trackers
- Microsoft PowerPoint — clear, well-structured presentations
- Email management and professional correspondence
- Zoom — hosting, scheduling and running online meetings
- Google Forms — survey design and response collection
- Data reporting — graphs, summaries and key insights
- AI tools — research and productivity assistants

SOFT SKILLS

Attention to detail · Communication · Time management · Problem solving · Teamwork · Adaptability
· Reliability · Willingness to learn

PROJECTS

Personal Budget Tracker

Built an automated Excel tool that tracks income, expenses and savings, with formulas that update totals and highlight overspending automatically.

Tools: Microsoft Excel, formulas, charts

Personal Portfolio Website

Designed and published a responsive website showcasing my skills, projects and contact information, learning the workflow from first draft to live site.

Tools: GitHub, ChatGPT, web design

Community Survey Data Report

Created and distributed a 10-question survey, captured 50+ responses, and produced a report with graphs and key insights for a local business.

Tools: Google Forms, Microsoft Excel, pivot tables

EDUCATION

National Senior Certificate — 2021

CERTIFICATIONS

Artificial Intelligence Certificate — foundations of AI concepts and practical AI tools
